

Name:

Total Sessions _____

Month:			Year:			
SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY

Calendar Fun

A *Calendar* is used at the end of each learning session. Your student can put a circle sticker on the day he works. If needed, this is an opportunity for your student to learn the calendar, numbers, counting and colors. Circles: 3/4 inch Dot See Through, assorted colors, are available where office supplies are sold.

- Ask your student to point and say the name of a task on the calendar, example: (month, year, days of the week, today's date, and sticker color choice). When he points or expresses incorrectly, help him point or express correctly. At the end of the month, help your student count his circles and record his total sessions.
